

# 2020 BIBLE READING PLAN

Read the entire New Testament in chronological order

- 1 chapter a day •
- 5 days a week •

This Bible reading plan allows you to read the entire New Testament in one year while only reading five times a week. This gives you room to catch up or take a day off and makes daily Bible reading practical and doable. Reading in chronological order aids understanding of the Bible story and helps you look forward to reading God's Word.

## TIPS AND SUGGESTIONS

- Try to find a quiet place and a time that will regularly work for you. Be as consistent as possible.
- This plan is great for groups! Talk with others about your readings.
  - Do not let the hard-to-understand things distract you from the what you clearly understand. Act on what you understand; save the questions on what you don't to ask at a later time.
- Are you a night owl? Read tomorrow's reading the night beforehand. This enables you to meditate on and "apply" the passage all day the following day.
- While apps can be helpful on the go, we still recommend an old school paper Bible. It is less prone to distraction, glitches, and never runs out of battery.
- A good Study Bible can be very helpful. If you have study notes: read the text, read the note, and then read the text again. This will help you stay focused on the text rather than on the study notes.
